Invitation to the Protein Workshop at CSSB

In cooperation with the Protein Core Facility at CSSB we would like to invite you to our Protein Seminar and Workshop

Presentation: 15 November 13-15h in the lecture hall of the CSSB (for beginner and advanced)

Workshop: 16 November at 9-11h, 11:30-13:30h, 14-16h, venue: laboratory of the Protein Core Facility (limited number of participants) (for beginner and advanced)

Topics of presentations:

General troubleshooting in column chromatography with Dr Siele, Äkta Specialist, Cytiva

Western blotting: Filling the gap between art & science: Key factors to consistent, quantifiable data with Dr. Stephanie Runde, Imaging and Western Blotting Specialist, Cytiva

Topics of workshops:

Protein Purification: Maintenance & care on the instrument (without disassembling pumps), connecting columns, active Q&A session on the Äkta pure.

Western Blotting: Optimisation by using the SNOW mode, active Q&A on the ImageQuant 800

Please register at isabel.boulton@cytiva.com and klaus.carstensen@cytiva.com. The capacity of participants for the workshops is limited, therefore we may have to limit the participants to one person/working group. Participation in the previous seminar is a prerequisite for the workshop. Participation is free of charge and a certificate of attendance can be issued.
